

## Timeline of what step we are:

1st: Get a document about what we are going/aiming to do and give it to the Astro Pi people

2nd: Research more about our Topic and reassess our document

3rd: Ask questions to our teachers and then ask questions live to the astro pi people

4th: Start trying to learn programming and start to test

5th: Finalise our code and test

6th: Post everything on Github
